ACACIA SUBSIDIARY ENTERS INTO LICENSE AGREEMENT WITH FULHAM

Newport Beach, Calif. – (BUSINESS WIRE) December 16, 2009 – Acacia Research Corporation (Nasdaq: ACTG) announced today that its Lighting Ballast Control LLC subsidiary has entered into a license agreement with Fulham Co., Inc. covering patents relating to lighting ballasts. The agreement resolves litigation that was pending in the United States District Court for the Northern District of Texas with respect to certain Fulham Co., Inc. products.

The technology generally relates to controlling power to fluorescent lamps. The technology may be used in lighting ballasts for industrial applications.

ABOUT ACACIA RESEARCH CORPORATION

Acacia Research's subsidiaries develop, acquire, and license patented technologies. Acacia Research's subsidiaries control over 125 patent portfolios, covering technologies used in a wide variety of industries.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

This news release may contain forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Such statements are based upon our current expectations and speak only as of the date hereof. Our actual results may differ materially and adversely from those expressed in any forward-looking statements as a result of various factors and uncertainties, including the recent economic slowdown affecting technology companies, our ability to successfully develop products, rapid technological change in our markets, changes in demand for our future products, legislative, regulatory and competitive developments and general economic conditions. Our Annual Report on Form 10-K, recent and forthcoming Quarterly Reports on Form 10-Q, recent Current Reports on Forms 8-K and 8-K/A, and other SEC filings discuss some of the important risk factors that may affect our business, results of operations and financial condition. We undertake no obligation to revise or update publicly any forward-looking statements for any reason.
